

ATTACHMENT A - LAKE CLARK
PARK SPECIFIC CONDITIONS
2002
LAKE CLARK NATIONAL PARK & PRESERVE

THESE SPECIFIC PROVISIONS ARE APPLICABLE TO THOSE
COMMERCIAL ACTIVITIES AND AREAS AUTHORIZED IN YOUR
INCIDENTAL BUSINESS PERMIT

1. *Permittee shall ensure that each of its employees receives training in and reviews a copy of this permit including all conditions and stipulations.*
2. *Permittee shall provide written certification to the NPS (upon request) that each employee received training in and reviewed a copy of this permit including all conditions and stipulations.*
3. Any commercial trip will be limited to a party size of 15 persons including guides and assistants.
4. Permittee's camps shall not remain vacant more than 24 hours. All bear attractants including food and garbage will be removed while camps are vacant.
5. Camps may remain in one place a maximum of 7 days, at which time the camp and all gear must be removed. Another camp operated under this permit may not reestablish campsites in the same area for seven days. The restrictions of this provision apply regardless of the current camp occupants. The campsite must be left clean with efforts made to minimize impact and practice "light hand on the land" backcountry camping etiquette.
6. Food and organic garbage will be either cached a minimum of 100 feet from camp and suspended 10 feet above the ground OR stored in a bear resistant food container such as a locking metal drum or commercially available Bear Resistant Food Container.
7. Backcountry cabins are available only on a first-come, first-served basis and may not be reserved. They are not intended for the exclusive use of any one group and should be made available to all visitors, especially during times of inclement weather or emergency. Cabins are for short-term stays; occupancy should be for seven days or less.
8. IBP holders may collect only dead wood from the ground for personal use as fuel for campfires. Live trees, standing dead wood, leaning dead wood or wood associated with

historic structures or historic features may not be collected for any reason. The use of chainsaws is prohibited within Lake Clark National Park.

9. All fuel caches must have prior written approval from the Superintendent. A written request must include the exact location of the proposed fuel cache including a map and GPS coordinates (if available) AND the reason for the cache.
10. All watercraft must comply with all U. S. Coast Guard (USCG) and State of Alaska regulations.
11. All bear viewing activity at Chinitna Bay is limited to a specific designated bear viewing site. A maximum of 15 persons at any one time may occupy the designated bear viewing site. Designated trail access will be visibly marked at the high water line along the beach. Persons accessing the designated bear viewing site must use the designated trail access from the beach.

SUSPENSION, RESTRICTION and REVOCATION.

12. This permit may be suspended, restricted or revoked when the permittee/owner or employee commits or receives any violation as defined below:

- a) Convicted of, forfeited collateral for or received a suspended imposition of sentence for violating a state or federal law or regulation, including but not limited to those laws or regulations relating to natural resources and wildlife regardless of whether the violation occurred in a unit of the National Park System including violation of 18 U.S.C. 1001, providing false information to any agency or department of the United States;*
- b) Violation of a federal or state health or safety code or regulation when conducting activities authorized by the IBP;*
- c) Failure to comply with the provisions and conditions of the permit;*
- d) Failure to comply with a superintendent's order or any directive communicated to the permittee by the superintendent when conducting activities authorized by the IBP.*

13. Any employee of the permittee who commits or has committed within the past five (5) years, violations as listed above in Stipulation #23 may be required to be excluded by the permittee from working in any capacity relevant to the activities authorized by this permit.

REPORTS

14. Permittee will provide the following annual reports to the Concessions Management Office at Katmai/Lake Clark National Park & Preserves, 2430 University Drive, Suite 311, Anchorage, AK 99518 by November 15, 2002. These reports must be postmarked by November 15, 2002:

- a. Gross Receipts Report*
- b. Activity Summary Report*

15. If Permittee provides big game commercial services transportation, the Big Game Commercial Services Board Transporter Activity Report is due by February 1, 2003.

FEES

16. The monitoring fee of \$4.00 per person/per day is due and payable with the Activity Summary Report by November 15, 2002. Payment shall accompany the report.
